

Greetings

In the past year, HFH Armenia has served 126 partner families and has given them a hand up for better homes and brighter future.

The total number of partner families served by Habitat in Armenia thus reaches to more than 580 families.

The HFH Armenia team and partner families thank all our supporters, donors, partners, and volunteers, whose joint efforts are enabling us to serve the need of improving the housing conditions for families in need in our country.

God bless you all!

WOMEN AT WORK

"My philosophy is to do what good I can for as long as I can for as many as I can. It's a wonderful journey, made even better by working with great fellow volunteers."

Building season 2010

"I chose the Armenian Global Village trip because my heritage is half Armenian and I decided that this would be the perfect opportunity to visit my paternal roots and to help a good cause that I feel strongly towards."

Building season 2010

On 19-29 June 2010, Habitat Armenia hosted its first Women Build for the building season 2010.

Ten dynamic women and one man from the various US states travelled to Armenia to build hand in hand with the family of Hrachik Voskanyan from the village of Nor Kharberd.

For improving the substandard housing conditions of the family, the volunteers did interior renovation works: plastering, sanding, painting and tiling the ceiling.

PARENT AND CHILD BUILD

Habitat Armenia was pleased to welcome its first Parent and Child Build for the building season 2010. The families led by HFHI staff member Miriam Engelova, travelled to Armenia to make a difference in the lives of the Davtyans from the village of Nor Kharberd.

"This was a fantastic experience! I enjoyed every moment from the first to the last one," says Franciscus Van Rossum, a Global Village volunteer.

Hope for 30 new families and counting

Within the circles of its housing renovation project launched in April 2010 in three of the most vulnerable regions of Armenia more than thirty families have partnered with Habitat thus far. Thanks to the low cost project, a total of 150 low income families with substandard housing will dramatically improve their living conditions.

Help us serve more partner families

To be able to serve more families, HFH Armenia is seeking help among its friends and partners. We believe that together we can achieve that thanks to your support through donations, tithes and volunteers' efforts. We welcome any size of contribution, which will be immediately used towards serving families.
